

IN THE CLAIMS

Please substitute claims 1 and 2, as provided below, for claims 1 and 2 currently in the present application.

Sub B
~~1. (Amended) A method of refilling an ink bag for use in an ink jet recorder, the ink bag being initially filled with ink through a first opening in the bag that is sealed after the ink bag is initially filled, said method comprising the steps of:~~

~~removing the ink bag from the ink jet recorder;~~
~~positioning the ink bag;~~
~~inserting an ink needle into a second opening in the ink bag that is different than the first opening through which the ink bag is initially filled with ink; and~~
~~charging the ink bag only through the second opening with a specified quantity of ink.~~

Sub C
~~2. (Amended) A method of refilling an ink bag for use in an ink jet recorder, comprising the steps of:~~

~~removing the ink bag from the ink jet recorder;~~
~~positioning the ink bag;~~
~~inserting an ink needle into a port of the ink bag;~~
~~discharging ink from the ink bag only through said port; and~~
~~charging the ink bag only through said port with a specified quantity of ink.~~
